We should not forget that the issue of free pricing dates from far before the onset of the free press around the turn of the century, and that as long as the advertising bubble did not deflate after it seemed destined to do great harm to what since then has been known as the paid press. The notice must tell employees about the new public insurance exchanges, the possibility that they might be eligible for subsidies if they buy insurance on these exchanges and the possibility of adverse tax consequences if they buy insurance on the exchanges.

In this way there was endless friction and strife, and thus was laid the foundation.
